

Gender Equality Plan (GEP)

Physical Intuition 4Pi GmbH

Company Registration No. (Firmenbuchnummer): FN 674005 i

Adopted on: 27.03.2026

Valid until: 27.03.2026

1. Statement of Commitment

Physical Intuition 4Pi GmbH is committed to equal opportunities, non-discrimination, diversity, and an inclusive working environment. The company aims to ensure fair and transparent treatment of all employees, applicants, collaborators, and researchers, regardless of gender, gender identity, sexual orientation, age, ethnic origin, religion or belief, disability, or family status.

This Gender Equality Plan sets out the company's principles, responsibilities, and measures to promote gender equality in line with Horizon Europe expectations.

2. Scope

This Plan applies to all company activities, including recruitment, working conditions, career development, decision-making, research and innovation activities, and the prevention of discrimination and harassment.

3. Objectives

Physical Intuition 4Pi GmbH pursues the following objectives:

- promote a respectful, inclusive, and discrimination-free workplace;
- ensure fair and transparent recruitment and career development processes;
- support work-life balance and flexible working arrangements where feasible;
- encourage balanced participation in responsibilities and decision-making;
- raise awareness of equality, diversity, and unconscious bias;
- consider the gender dimension in research and innovation where relevant;
- maintain zero tolerance for discrimination, harassment, and gender-based violence.

4. Responsibilities and Resources

The Managing Director has overall responsibility for the implementation and review of this Gender Equality Plan.

A designated internal contact person, currently **[insert name or function]**, is responsible for coordinating implementation, monitoring progress, and serving as a contact point for equality-related matters.

The company commits to allocating proportionate organisational resources to implement this Plan, including time for review, awareness actions, and internal procedures.

5. Monitoring and Data Collection

Physical Intuition 4Pi GmbH will monitor, where proportionate and legally permissible, relevant indicators such as:

- gender distribution in applications and recruitment;
- gender distribution across roles and responsibilities;
- participation in training and career development;
- use of flexible working arrangements;
- reported incidents of discrimination or harassment and follow-up actions.

Progress under this Plan will be reviewed at least annually and updated where needed.

6. Key Measures

The company commits to the following measures:

- use inclusive and non-discriminatory language in job advertisements;
- apply transparent and fair selection criteria in recruitment;
- support flexible work arrangements where compatible with business needs;
- provide awareness measures on equality, diversity, and respectful conduct;
- ensure appropriate internal procedures for reporting and addressing discrimination or harassment;
- assess, where relevant, whether gender or bias considerations should be reflected in research, data, methods, or innovation outputs.

7. Publication

This Gender Equality Plan is a formal company document adopted by management and made publicly available.
